20 June 2016

Dear hirers,

We have been awarded a grant from Stronger Communities Grants, of 50% of the cost to renovate the bathroom/toilet area to accommodate disability access.

This work will commence early in July and take approximately 5-6 weeks to complete. The work will be done during the day and so most of you will not be interrupted from workmen during your time in the house.

There will be a lockable portable toilet at back of house for use during this time and the key will be available in the house.

We apologise in advance for the disruption but the end result will be a big improvement for our many users of the house. It will also mean people with disabilities will be able to attend functions at the house. This has posed a problem in the past.

There is a plan of proposed renovation on wall above our book stall in lobby for your interest. We will be retiling floor and walls and installing new toilets, wash basins and hand dryers.

If you have any queries please do not hesitate to contact me.

Yours faithfully Sandra Richards Secretary The National Council of Women War Memorial Fund
